Ex. Enejalar, Ailuk

Wotho, Wotho

About how many people live in your community? / Emaron jete armej ilo jukjukin pad in am?

To your knowledge

100

Has the population increased, decreased, or stayed the same over the past 10 years? (Umwin 10 iio emootlok, elon lok k, edik lok k, elakar baj jonan eo ot oran armej ie?)?)

From your perspective

- Increased (Elon lok)
- Decreased (Edik Lok)
- Stayed the same (Elakar Jonan Eo Ot)

If increased (Elon lok) or decreased (Edik Lok), by how much?

Does your community have any vulnerable populations? (Elon k armej ro im romojno im raikuj jiban ilo jukjuk in bed in am?)

- Physically disabled (Ejoreen Anbwinin)
- Mentally disabled (Ejab lukun eman kamlij eo an)
- Deaf (Jaronron)
- Blind (Jab loe lak ijen)
- Elderly (in need of assistance) (Elukun rutto [aikuj jiban nan jabdewot])
- Those that do not speak Marshallese / Foreign nationals (Ro rejab maron kajin majol ak kajin ko jet)
- None (Ejelak)

If so, how many of which? (Ne elon, Jete uwaer innem kain mojno rot ko rej ioone?)

Ex. We have 2 hearing impaired (1f, 1m), 1 physically disabled (male), and a Chinese foreign national

More information needs to be gathered

What are the major occupations of community members? / Jerbal ta ko ekka an armej ro ilo jukjukin pad in kommani?(Jerbal ko rej kommani nan mour jani)

Ex. Local government is the largest employer but many of the population receive income from copra and handicrafts

copra, handicrafts, fishing (mimra boat goes every 3 months), teachers,
health assistant, local government workers.

What local resources does your community depend on? Explain why./Ta ko ewor ilo jukjukin pad eo am me ro ilo jukjukin pad eo remaron bok tokjan jani? Jouj im komelele.

Ex. Reef fish for eating and selling; copra for income; pandanis for handicrafts

local fish, crops (coconut, pandanis - for copra and handicrafts), coconut
crabs

No MIMRA fish base but MIMRA boat goes to collect fish to sell in Ebeye,
copra warehouse,

How are decisions made in your community? Who has the authority? /Ewi waween ak elemen an jukjukin pad eo kommani pepe ko? Won eo ewor an maron ilo pepe ko?

Ex. Combination of traditional management (chiefs) and local/municipal government. Traditional management is still honored by the people, but legally needs to be backed by local government

Through the local government - landowners, chiefs, and local government work together. Mayor -> local council -> landowners -> paramount chief (Mike Kabua - just the Ralik chain)

What social groups are active and what purpose do they serve? / Douluul ta ko rej jermal wot im ta ko rej kommani?

Ex. Council of Chiefs (make major decisions regarding land and marine resources) Women's Group (ensure women's input is included in decision making) - also youth groups, church groups

Womens group, church groups, youth groups

Are there any ongoing engagements within your community? If so, what are they doing? (Ewor k rej jiban jukjuk in bed in am? Im ne elon, ta ko rej jiban kaki?)

Ex. Yes, the R2R project is doing a project on sustainable livelihoods. They are building clam tanks.

MICS is working on handicrafts, and clam farm - Wotho has a completed resource management plan though the Reimaanlok. Wotho mayor is active and seems to be continually getting projects
