9. Local Aircraft (Page 3)

(Fill out one table for each aircraft)

Aircraft Owner: Samoa Air (Chris Langton)	
Aircraft Location: Fagalii Domestic airport	
Passenger capacity: 4	
Manufacturer: Cessna Aircraft Co.	Year of manufacture: 1998
Model: skyhawk	Number of Engines: 1
Fuel used: <input checked="" type="checkbox"/> jet fuel <input type="checkbox"/> Aviation Gasoline	
Type: <input checked="" type="checkbox"/> Land plane, <input type="checkbox"/> Sea plane <input type="checkbox"/> Amphibious <input type="checkbox"/> Helicopter	
Annual fuel use: <input type="checkbox"/> Litres <input type="checkbox"/> US Gallons	
Main use of aircraft: <input checked="" type="checkbox"/> Passenger <input checked="" type="checkbox"/> Freight <input type="checkbox"/> Scheduled <input checked="" type="checkbox"/> Charter <input checked="" type="checkbox"/> Search and rescue <input checked="" type="checkbox"/> Recreational <input checked="" type="checkbox"/> Tours <input type="checkbox"/> Other _____	
Comments: <ol style="list-style-type: none"> 1. Uses between 8 to 10 gallons of fuel per hour in cruise for a true air speed of 100 – 110 knots. This gives about 15 miles per gallon 2. Refer to “Attachment to Local Aircraft 9 – Samoa Air” 	

9. Local Aircraft (Page 4)

(Fill out one table for each aircraft)

Aircraft Owner: Samoa Air (Chris Langton)	
Aircraft Location: Fagalii Domestic airport	
Passenger capacity: 9	
Manufacturer: Britton Norman, UK	Year of manufacture: 1960
Model: BN2A Islander	Number of Engines: 2
Fuel used: <input checked="" type="checkbox"/> jet fuel <input type="checkbox"/> Aviation Gasoline	
Type: <input checked="" type="checkbox"/> Land plane, <input type="checkbox"/> Sea plane <input type="checkbox"/> Amphibious <input type="checkbox"/> Helicopter	
Annual fuel use: <input type="checkbox"/> Litres <input type="checkbox"/> US Gallons	
Main use of aircraft: <input checked="" type="checkbox"/> Passenger <input checked="" type="checkbox"/> Freight <input checked="" type="checkbox"/> Scheduled <input checked="" type="checkbox"/> Charter <input checked="" type="checkbox"/> Search and rescue <input checked="" type="checkbox"/> Recreational <input checked="" type="checkbox"/> Tours <input type="checkbox"/> Other _____	
Comments: <div style="margin-left: 40px;"> xiv. Scheduled flights are between Samoa and American Samoa, three times a day for 7 days xv. Other uses include charter for: <div style="margin-left: 20px;"> i. Search and Rescue ii. Medial transfer iii. Scenic tours </div> xvi. Refer to “Attachment to Local Aircraft 9 – Samoa Air” </div>	

9. Local Aircraft (Page 5)

(Fill out one table for each aircraft)

Aircraft Owner: Joint Venture: Virgin Australia, Gov Samoa & Aggie Grey's Resort	
Aircraft Location: Faleolo International Airport	
Passenger capacity: 168	
Manufacturer: Boeing	Year of manufacture: 2003
Model: B737-800	Number of Engines: 2
Fuel used: <input checked="" type="checkbox"/> jet fuel <input type="checkbox"/> Aviation Gasoline	
Type: <input checked="" type="checkbox"/> Land plane, <input type="checkbox"/> Sea plane <input type="checkbox"/> Amphibious <input type="checkbox"/> Helicopter	
Annual fuel use: <input type="checkbox"/> Litres <input type="checkbox"/> US Gallons	
Main use of aircraft: <input checked="" type="checkbox"/> Passenger <input checked="" type="checkbox"/> Freight <input checked="" type="checkbox"/> Scheduled <input type="checkbox"/> Charter <input type="checkbox"/> Search and rescue <input checked="" type="checkbox"/> Recreational <input type="checkbox"/> Tours <input type="checkbox"/> Other _____	
Comments: 1. Ownership: i. Government of Samoa 49% ii. Virgin Australia 49% iii. Aggie Grey's Resort 2% 2. Aircraft type: Boeing 737-8FE (WL) 3. Virgin Samoa is the National Airline 4. Refer to "Attachment to Local Aircraft 9 – Virgin Samoa"
